## On-demand video concierge

Whenever your visitors need assistance, they'll have the support of a trained Moneypenny Receptionist to greet and check them in and answer any questions they may have during their visit.

**Seamless support for visitors**

## Contactless check-in

Keep your visitors and staff safe with face and voice recognition technology. This feature ensures a seamless experience for visitors and will also recognise your employees' faces, allowing them into the building automatically.
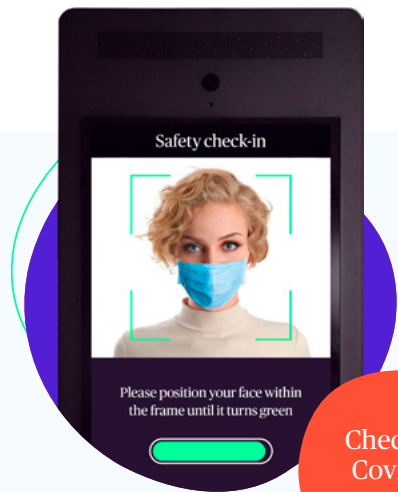

**Keep everyone safe**

Welcome
Check-in

Call a taxi

**Control from anywhere**

## Covid-19 screening

Very precise and completely non-invasive, this thermal imaging tool is able to measure your visitors' body temperature in seconds, giving you the reassurance you're not letting anyone with a temperature into your office or premises.

Safety check-in
Please position your face within the frame until it turns green

**Check for Covid-19 symptoms**
